

local parades. In 1965, when their father, a rancher, injured his legs and couldn't work, Jorge, Raul, and Hernan recruited their cousin Oscar and began traveling the region as a band, earning money at local clubs to support their family.

In 1968, just teenagers at the time, they traveled north of the border to perform alongside mariachis, dancers, and even mimes for the inmates of a State prison south of San Jose, CA. It was then that an immigration official first labeled them the "Little Tigers." What came after was five decades of norteño-style music that resonated with people across the continent, tens of millions of albums sold, multiple Grammy and Latin Grammy awards, and the Latin Recording Academy's Lifetime Achievement Award.

Los Tigres del Norte, who would later add Eduardo and Luis Hernandez, have helped popularize norteño music in the United States, a genre that combined the music of Mexican laborers with the accordion-laced polka music of Czech and German immigrants.

True to their genre, Los Tigres embraced storytelling, sharing stories of hardship back in Mexico; of immigrants' long, difficult journeys; and of life in America. At first, they gave a voice to Mexican day laborers living in America. But soon enough, they began growing alongside a blossoming Latino population throughout the United States to become titans of the music industry.

They have filled theaters and stadiums, even released their own Netflix documentary as a 50th anniversary tribute to Johnny Cash's historic concert at Folsom Prison in California. From "America" to "La Jaula de Oro," Los Tigres' music continues to tell the story of the Latino experience in America today.

On a personal note, as the proud son of Mexican immigrants and as a child who grew up in the working-class community of Pacoima, CA, I remember their music filling our home and blasting out of speakers at neighborhood parties growing up. And in the mid-1990s, when immigrants and the children of immigrants in California rose up against the hateful, anti-immigrant proposition 187, Los Tigres' music was integrated into the soundtrack of our struggle.

Today, as a lifelong fan, I am proud to say their music now echoes in the Halls of Congress.●
